The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in City Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames and Nevada City Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns of Ames is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, and address of each adult resident of Ames, and the name, official personnel, nature, telephone number and address of each firm and corporation in the city. A similar list for Nevada is shown farther on in the Directory.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner—occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers. A similar list for Nevada is shown farther on in the Directory.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper. A similar list for Nevada is shown farther on in the Directory.

Community Publicity

The City Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Public Library, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

A new addition was dedicated in the spring of 1979. Constructed for approximately \$16.5 million. The laboratory with an operating budget in excess of \$80.0 million annually, each year continues to expand in research and laboratory facilities. This, the world's most modern veterinary research facility, requires as many utilities and services as a small city. The laboratory employs approximately 500 persons, one--fourth of whom are scientists--research veterinarians, microbiologists, pathologists, biochemists, physicists and other biological scientists. Many support employees such as laboratory assistants, technicians and administrative personnel are also employed.

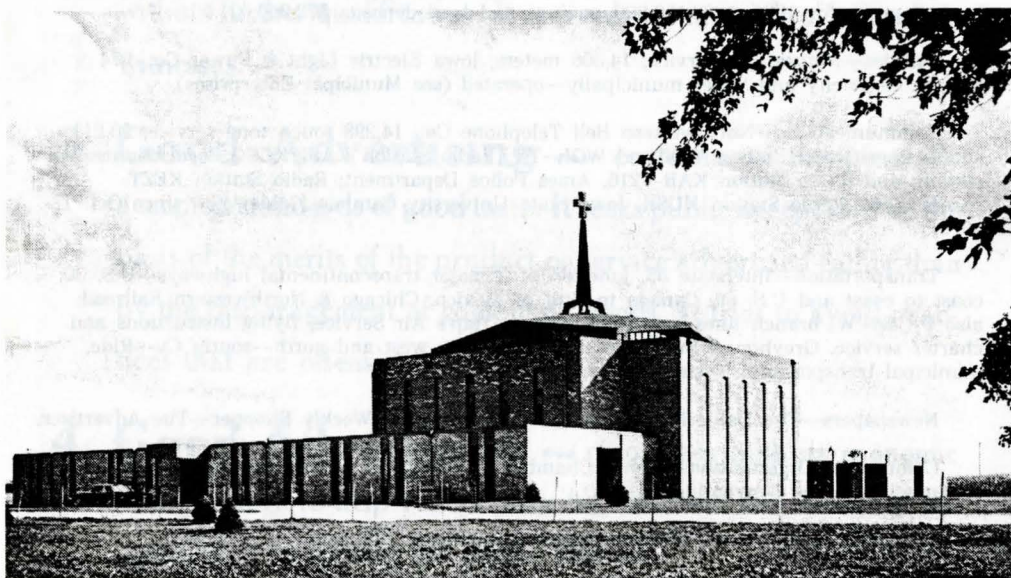

The research aims and purposes of this laboratory are to develop basic and applied information on infectious and non--infectious diseases of animals that rob the American farmers of approximately \$2 billion annually, and decrease the potential of an adequate supply of animal protein to the consumer. Investigation of each disease entity is conducted by a team of scientists who have different and specialized training.

IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY

Historical Highlights--Iowa State University has emerged as a broad--based university of international stature from its beginning as an agricultural college. It was created as the Iowa Agricultural College and Model Farm by the Iowa General Assembly in 1858 and became a land--grant college in 1864 under terms of the federal Morrill Act. The first classes were taught in 1869. Iowa State was a worldwide pioneer in the establishment of agricultural studies on a college level, was the first state institution to found a veterinary school, helped move the engineering profession to its present key position in an industrial society, emphasized basic sciences, and took leadership in establishing the profession of home economics. The modern Cooperative Extension Service network grew out of the early community Farmers Institute gatherings organized by Iowa State, and the electronic digital computer was invented at Iowa State in the late 1930s by physics and mathematics professor John V. Atanasoff. It was renamed Iowa State College of Agriculture and Mechanic Arts in 1898, and became Iowa State University of Science and Technology in 1959.

Colleges within the University are Agriculture, Business Administration, Design, Education, Engineering, Graduate, Home Economics, Sciences and Humanities and Veterinary Medicine.

A federal land--grant institution, Iowa State has a three--fold mission:

1. Resident instruction on both the undergraduate and graduate levels.
2. Extensive programs of research.
3. Statewide University extension services.

The research and service agencies of the University include the Agriculture and Home Economics Experiment Station, Engineering Research Institute, Energy and Mineral Research Institute, Sciences and Humanities Research Institute, Veterinary Medical Research Institute, Statistical Laboratory, Industrial Relations Center, Computation Center, Water Resources Research Institute, Home Economics Research Institute, Center for Agricultural and Rural Development--North Central Regional Center for Rural Community Development, Nutrition Sciences Council, Veterinary Medical Diagnostic Laboratory, World Food Institute, Microelectronics Research Center and Center for Non--Destructive Evaluation.

The United States Energy Research & Development Administration has a major laboratory for basic research on campus, operated as an integral part of the Energy and Mineral Resources Research Institute.

Brief concerts are given each week day during the academic year. Longer concerts are performed on special occasions.

THE IOWA DEPARTMENT OF TRANSPORTATION

The Iowa Department of Transportation, established by legislation passed by the 65th General Assembly in early 1974 and mandated to begin official functions July 1, 1974, is responsible for coordination of the various facets of Iowa's transportation system.

Seven Commissioners appointed by the Governor are responsible for determination of general operating policies which are carried out by the Director of Transportation and the Department staff.

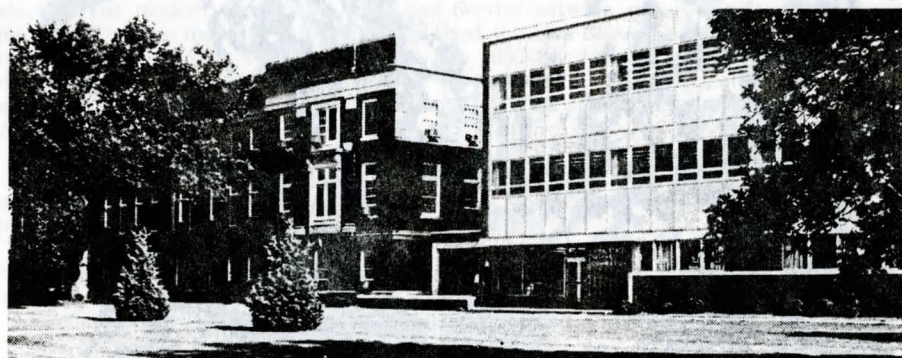

The Department of Transportation brings together into one agency, transportation responsibilities formerly handled by the Aeronautics Commission, Highway Commission, the Motor Vehicle Divisions of the Department of Public Safety, the Transportation Regulation Division of the Iowa Commerce Commission and the Iowa Reciprocity Board. Additional responsibilities in the areas of Public Transit and River Transportation are handled by the newly created divisions.

Ames Senior High School; Ames Middle School; Crawford, Edwards, Fellows, Meeker, Mitchell, Northwood, Roosevelt, Sawyer elementary schools and Willson School for the mentally retarded; and the Maintenance Building. The Lincoln Elementary School has been converted to Central Administration.

Ten projects were completed during the past nine years. Connected with this stadium is a senior high school gymnasium that was dedicated in February, 1967. A joint city-school recreation building housing a 75' x 75' swimming pool is connected with the gymnasium and is used jointly by the school and city. A new elementary school, the Fellows School, was dedicated in April, 1967. A new Welch Junior High School for the west side of Ames was opened in the fall of 1968. Additions were built to elementary schools to provide them with needed classrooms and Central facilities, particularly instructional material centers. Mitchell & Northwood elementary schools were completed in 1970. In December 1972, the Fine Arts Wing of Ames Senior High School was dedicated. It provides outstanding facilities for art, drama, and music and is used extensively for school and community activities.

PLEASE! Do Not Lend Your DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

OUT - OF - TOWN CITY DIRECTORIES

A complete library of out - of - town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

recommended by the COUNCIL OF BETTER BUSINESS BUREAUS

- I. Serve the public with honest values.
- II. Tell the truth about what is offered.
- III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
- IV. Tell customers what they want to know - what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.
- V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.
- VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.
- VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.
- VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.
- IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.
- X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service — of an indefinite nature — and questionable value — to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

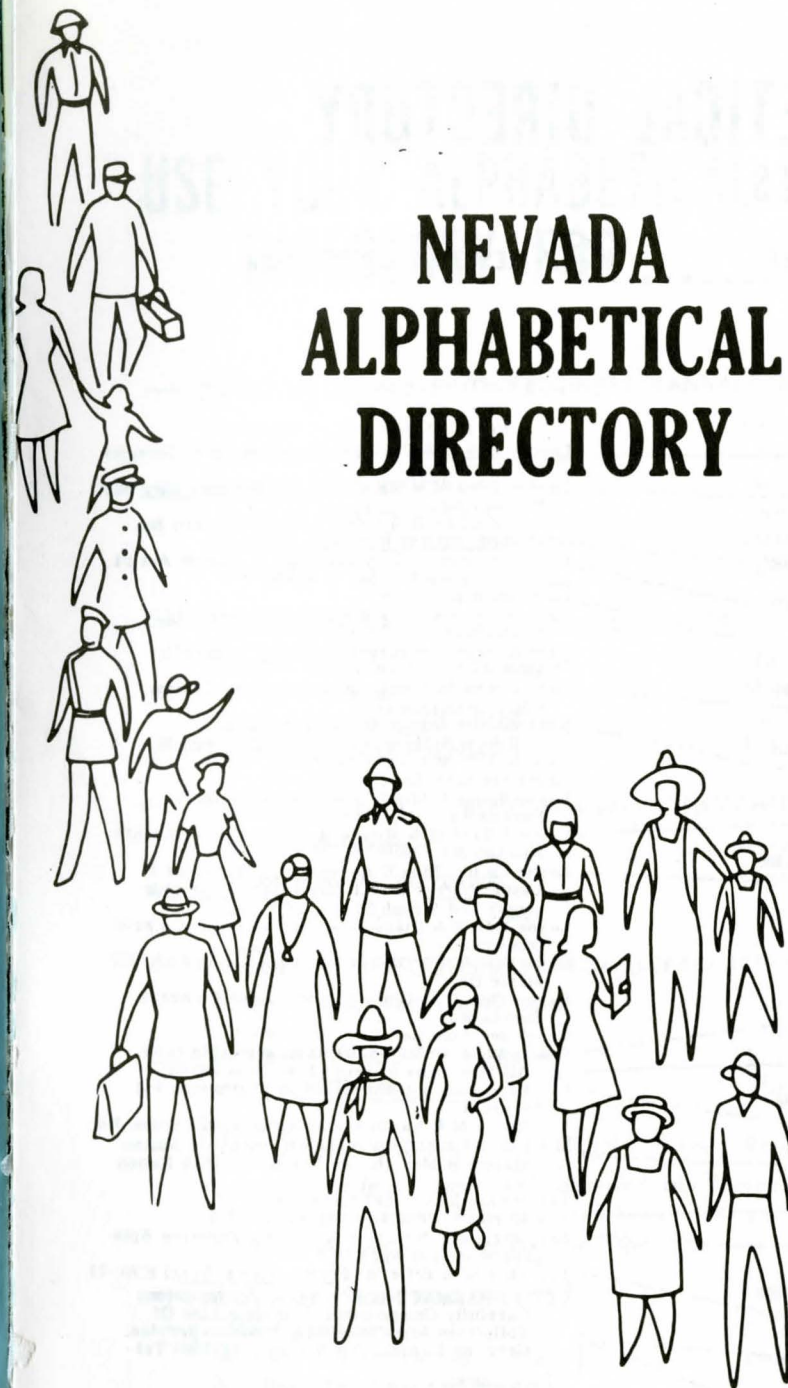

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

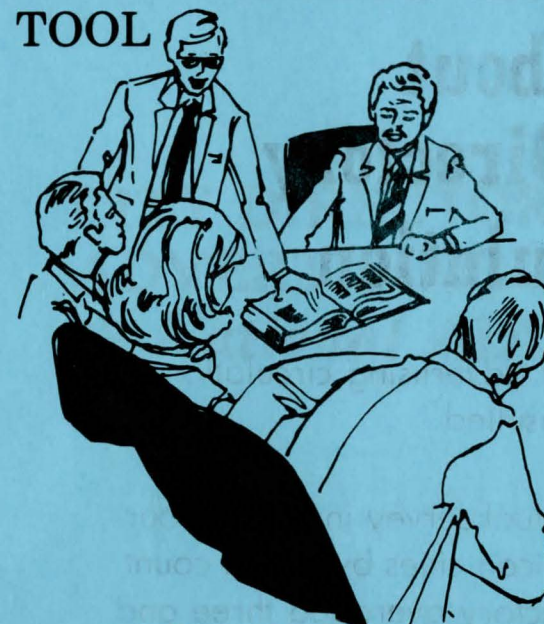

Before you invest, investigate!

YOUR CITY DIRECTORY — AN INVESTMENT — A BUSINESS TOOL

★ NEW NEIGHBOR SYMBOL

Ⓢ HOMEOWNER SYMBOL

Ⓡ RESIDENT OR ROOMER

ⓗ HOUSEHOLDER

Four major directories in one volume:

- 1 Classified Business Directory . . . the names and addresses of all business and professional firms listed under appropriate headings.
- 2 Alphabetical Directory . . . all adult residents including: name—marital status—address—occupation—employer—householder or resident—retiree—student—member of Armed Services. AND . . . all business and professional firms including: Firm name and address—officers—owners—partners—managers—products or services.
- 3 Street Directory of Householders and Businesses . . . Every street address including: Individual Householder—telephone number—homeowner or renter—new resident—apartment building—business firm—type of business—office building—street description—intersecting streets—ZIP codes.
- 4 Numerical Telephone Directory . . . Telephones in number sequence including: Individual name—business firm name—pay telephones.

Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publisher at the address in the front of your Directory.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

recommended by the COUNCIL OF BETTER BUSINESS BUREAUS

- I. Serve the public with honest values.
- II. Tell the truth about what is offered.
- III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
- IV. Tell customers what they want to know - what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.
- V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.
- VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.
- VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.
- VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.
- IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.
- X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical list* of names and addresses of residents, business concerns and institutions, plus wife's name and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory* -listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

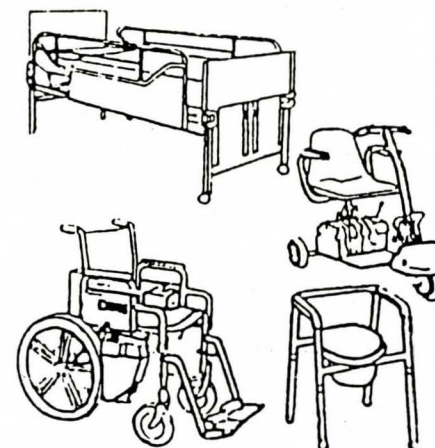

A *Statistical and Historical Story* of your city; plus miscellaneous other information.
